

EXP 4A	Data Modelling and Form Design (Basic Fields)
---------------	--

Aim

To design and build a functional Library Book Issue Request Form in Zoho Creator using all the Basic Fields available in the Form Builder for collecting and processing book issue requests in a structured manner.

Fields Used

Field Type	Field Name
Name	Member_Name
Email	Email_Address
Address	Hostel_Residential_Address
Phone	Contact_Number
Single Line	Register_Roll_Number
Multi Line	Purpose_Of_Borrowing
Number	Number_Of_Copies
Date	Preferred_Issue_Date
Time	Preferred_Collection_Time
Drop Down	Book_Category
Radio	Member_Type
Multi Select	Subject_Areas_Of_Interest
Checkbox	Agree_To_Library_Rules

5. Form Layout (Section-wise)

Section A — Member Details

- Member Name (First Name, Last Name)
- Register/Roll Number (Single Line)
- Member Type (Radio: Student / Faculty / Staff)

Section B — Contact Details

- Email Address (Email field)
- Contact Number (Phone field)
- Hostel/Residential Address (Address field)

Section C — Book Request Details

- Book Category (Drop Down)
- Subject Areas of Interest (Multi Select)
- Number of Copies (Number field)
- Purpose of Borrowing (Multi Line)

Section D — Scheduling & Acknowledgement

- Preferred Issue Date (Date field)
- Preferred Collection Time (Time field)
- I agree to the library rules and return policy (Checkbox)

6. Validation Rules to Configure

- Member Name, Phone, Register/Roll Number, Member Type, Book Category, and Consent Checkbox are mandatory fields.
- Email field: built-in email format validation enabled.
- Phone field: country code format enabled for Indian numbers.
- Number field (Number of Copies): restrict value range from 1 to 5 per request.
- Date field: restrict Preferred Issue Date to disallow past dates.
- Checkbox (Library Rules): form cannot be submitted unless checked.

7. Workflow Summary

- Step 1: Member opens the public form link shared on the library notice board or college portal.
- Step 2: Member fills in personal, contact, book, and scheduling details across the four sections.
- Step 3: On clicking Submit, Zoho Creator validates all mandatory fields and formats.
- Step 4: A new record is created in the Book_Issue_Request_Report.
- Step 5: An automated confirmation email (using the Email field value) is triggered to the member once availability is checked.
- Step 6: Library staff review the report, filter by Book Category and Preferred Issue Date, and prepare the requested copies for collection at the specified time.

This screenshot shows the Zoho Creator form builder interface for a form titled 'copy of Library Book Issue Request - Book_Issue_Request_Form'. The 'Basic Fields' panel on the left includes icons for Name, Email, Address, Phone, Single Line, Multi Line, Number, and Date. The main form area is divided into three sections: 'Member Details' (containing Member_Name, Register_Roll_Number, and Member_Type), 'Contact Details' (containing Email_Address, Contact_Number, and Hostel_Residential_Address), and 'Book Request Details'. The 'Field Properties' panel on the right shows settings for the 'Member_Name' field, including its name, link name, validation (Mandatory), and display options (Prefix, First Name, Last Name). The bottom status bar indicates 'Trial has expired' and provides links for 'Upgrade' and 'Help'.

This screenshot shows the Zoho Creator form builder interface for the same 'Book_Issue_Request_Form', displaying the 'Book Request Details' and 'Scheduling & Acknowledgement' sections. The 'Basic Fields' panel remains on the left. The main form area includes 'Book_Category', 'Subject_Areas_Of_Interest', 'Number_Of_Copies', 'Purpose_Of_Borrowing', 'Scheduling & Acknowledgement' (containing Preferred_Issue_Date, Preferred_Collection_Time, and Agree_To_Library_Rules), and a '200' character limit indicator. The 'Field Properties' panel on the right shows settings for the 'Member_Name' field, consistent with the previous screenshot. The bottom status bar again shows 'Trial has expired' with 'Upgrade' and 'Help' links.

Dear ds gf,

Thank you for submitting your library book issue request.

Your request has been received successfully. The library team will verify the book availability and notify you regarding the collection details.

Thank you,
Library Team

Result

The Library Book Issue Request Form was successfully designed and implemented in Zoho Creator using the required Basic Fields, validations, and workflow. The form enables library members to submit book issue requests, which are stored in the report for library staff to review and process.
